$30,000 CITY WATER REPORT CITES NEED OF $1,512,500 'NOW' TO RECTIFY SYSTEM

EAST-WEST FREEWAY

Builder Asks Route Shift Near School

Builder George McKeon briefed Jefferson Elementary school board Monday night on his firm's proposal to have the state modify the east-west freeway lateral—shifting it south of the Christopher Columbus school site at St. Francis boulevard and Skyline.

McKeon, claiming the switch—relocating the lateral one-half mile south of the presently adopted state route—will be cheaper and provide easier access to the school, said State Highway Division officials currently are seriously studying the proposal.

Trustees told McKeon they would like to see more detailed maps on the shifted routing and made no comment one way or the other. The builder, repeating what he told the city council two months ago, emphasized "We are not trying to re-open the entire freeway matter, but merely attempting to obtain this slight modification, which we feel will better serve this area."

The present freeway lateral (agreed on by the state and the Daly City council), would run south of Clarinada avenue in McKeon's St. Francis Heights about two blocks north of the Columbus school site. In adopting this route, the state eliminated the construction of 250 McKeon homes south of Clarinada.

McKeon states that if the state would shift the lateral it could run southeast of the school site, a move that would:

"Reduce the length of the highway (from Junipero Serra to Skyline) by 25 per cent.

"Eliminate turns, in that it is a more direct route.

"Be as cheap if not cheaper than the presently adopted route.

"Effect a million dollar savings every four years to the consumer public.

"Eliminate the severence of the Christopher Columbus school site from its users, and

"Eliminate cutting through an existing residential section where homes are located on both sides of the freeway."

McKeon three months ago apprised the city council of his proposal to the state. At that time he declared his company was not trying to disrupt the basic Junipero Serra freeway pattern, and the council felt any changes should be entirely left in the hands of the state. An earlier council proposal for the Y-T (tunnel) route, one-eighth of a mile south of McKeon's suggested route, was

Celebration Leader Mel Battye Felled By Heart Seizure

Daly City's plans for its 50th Birthday Year Celebration suffered a setback Saturday afternoon when co-chairman Melford D. (Mel) Battye suffered a heart attack at his 6767 Mission street insurance office.

Battye, former mayor of Daly City and current chairman of the city's personnel board, was taken to St. Joseph's Hospital where he is reported recovering.

The 57-year-old Daly City personality resides at 141 Acton street. He only recently returned from a vacation in the Bahamas.

The 50th Anniversary Committee will meet again on Tuesday evening, October 25, at Daly City Hall, 75 Wellington avenue, starting at 8 o'clock.

TWO WILSHIRE AVENUE HOMES BURGLARIZED

A burglar got more than $400 in valuable items Saturday night in raiding two Westlake homes on Wilshire avenue near the golf course.

Taken from the residence of Robert Pedersen, 22 Wilshire, were a Polaroid camera and a wallet from the upstairs bedroom, total value $137.

Mrs. Angela Slevin, 34 Wilshire, lost a $200 diamond ring, costume jewelry, two quarts of liquor and $29 cash to presumably the same invader.

Police officers Ralph Warren and R. C. Sims investigated. The thief entered both homes via unlocked rear doors.

Bellevue Burglaries Solved As Juvenile Pair Admit Thievery

Two Daly City boys, 14 and 15, were cited to Hillcrest Juvenile Home this week after admitting separate burglaries earlier this month on Bellevue avenue.

The 15-year-old raided the residence of Charles Pozzessi, 592 Bellevue, on October 7 and made off with a carton of cigarettes, a Remington rifle worth $75 and a .22 Winchester rifle valued at $20. He entered the home via the dog's "door" at the rear of the building.

Fifteen dollars in cash was taken October 1 from the home of James Porter, 544 Bellevue. The 14-year-old confessed the theft and admitted he broke a front door window for entry.

Officers Les Bastedo and George Brooks and Sgt. Charles Terry led the investigations that brought apprehension of the pair.

Rec. Commission Meeting Changed

The regular meeting of Daly City's Parks and Recreation Commission, originally scheduled for Tuesday night, October 25, has been changed to Tuesday night, November 1, at 7:30 p.m. in War Memorial Community Center.

PANORAMA Development Company officials will start construction on the first of 700 new Daly City homes in Southern Hills subdivision (models range from $22,000 to $25,000) early next year. Fred Gellert (second from right) is president of the long established firm, and on his right is George G. Parsons, secretary of the corporatoin. At left is chief engineer Cleland Bacon and far right is Edward V. Schulhauser, head of Schulhauser and Associates engineering company. Part of Southern Hills — some 20 acres of it—are across the county line in San Francisco. Model homes are open there now.

Budget Outlays Heavy

COUNCIL SAYS SURVEY HELPFUL BUT FINANCING IS THE PROBLEM

Washington & Associate's $30,000 water report for Daly City urges $1,512,500 in immediate improvements and $723,700 in "future" construction within the next 10 years to bring the system up to standard.

After careful evaluation of the inch-thick report, City Engineer wrote this comment for the city manager and city council:

"The water report, in essence, confirms all the feelings, plans and proposed projects which the water department itself has advocated over a period of some years. Most of the immediate recommendations, as listed in the report, were also listed in my 'Proposed Water Department Capital Outlay Program for 1960 to 1964,' as submitted to the council prior to the submittal of the Washington & Associates report.

"It is, therefore, gratifying that an outside source agrees essentially with our proposed plans to improve the system," Chapman concluded.

Among Washington & Associate's nine recommendations to the council are 1) for hiring a municipal financing consultant . . . "with the highest qualifications, to advise the City Council on the best way of financing the improvement program, and, if bonding financing is finally adopted, to make a bond prospectus, and 2) adoption of a new water rate schedule conforming in general with those proposed in the report to finance the program.

Another conclusion of Washington & Associates:

"The existing water works plant has numerous deficiencies, many of which are serious and should be corrected immediately. In the Hill Area (east side of town), the older part of the system is in very poor condition although the newer portions in Westlake are more adequate. Provisions for meeting emergencies are generally unsatisfactory. Operation procedures are not well organized and a proper maintenance program is lacking. Records are inadequate and contain many errors. Daily, weekly or monthly reports have not been made, and the annual reports are incomplete. The city engineering office is so overworked and understaffed that it is not possible for it to do proper designing."

And one parting statement: "The improvement program proposed is economically feasible and can be undertaken and financed without the use of tax or other general funds. Though the proposed water rate schedules seem high, when compared with other municipalities in the Bay Area, they must be established at these levels to finance the improvements to be made and the changes in maintenance, operation and record-keeping procedures recommended in this report."

Washington & Associates were assisted on the report by Hyde Forbes, consulting engineer-geologist who was awarded the James Laurie Prize by the American Society of Civil Engineers in 1948, and Oliver J. Todd, consulting engineer, who was awarded the Thomas Fitch Rowland Prize by the American Society of Civil Engineers in 1941 and "is internationally known for his work on the Yellow River in China."

Daly City's first major four-year water improvement program was launched by the

'Best Ever' Committee For Bonds

Approximately 100 prominent residents of Daly City, Broadmoor, Colma, Pacifica, Bayshore and Brisbane will be invited to a meeting at Westmoor High's Little Theater on Tuesday, November 1, at 8 p.m. to form a campaign committee for the February 7 bond and state aid election of Jefferson High and Jefferson Elementary school districts.

These citizens will organize for an all-out drive to secure "yes" votes at the polls in a special election covering high school site and building needs the next six years and elementary district requirements at least four years.

School Superintendents Richard Foster and Edward Morgan will brief this central committee on their districts' needs and turn the campaign over to them.

There will be one main chairman and numerous community chairmen to cover every angle in an attempt to enlist community support.

High school trustees next Monday night at 375 South Mayfair will review the size of the bond-state aid proposal. On October 28, same place, at 7:30 p.m., the high school board will open bids on the Oceana High (Sharp Park) construction contract. Also, there will be more discussion on the bond-state aid proposal and the joint-committee endeavor. Morgan is expected to recommend the housing of all Oceana-assigned youngsters next school year to new Terra Nova High in Linda Mar—due for completion next summer. This would mean an end to double sessions—for the time being at least—at Westmoor.

Next City Council Meeting October 31

Next regular meeting of the Daly City Council will be held on Monday evening, October 31, starting at 8 o'clock at 75 Wellington avenue. The October 24 regular meeting was cancelled because of the annual League of California Cities three-day convention in Los Angeles next week.

Delay On Sanitation 'Changes'

North County Sanitation District directors won't decide on the proposal to change the board's meeting place and times until their November 7 regular meeting in Westlake at the sewage plant office.

Sanitation chairman Bob St. Clair was absent from this week's board meeting and directors Frank Pacelli and Edward McDonald moved to table the proposed switch in times and sites. Pacelli, who resigned from the sanitation board recently and had Councilman Joseph Verducci appointed as his alternate, presided as sanitation chairman in St. Clair's absence.

Verducci said he might not be able to accept the sanitation directorship unless the board meetings were held at night. The Citizens Committee for Good Government also has asked sanitation directors to consider holding meetings at City Hall during the evenings to encourage more public attendance. Verducci said he cannot attend the morning sanitation board meetings because of his teaching schedule at San Francisco State College.

Police Query Brothers (Two Sets) On W'lake Burglary, Serra Holdup

Daly City police at press time were on the verge of cracking two big cases—the $800-plus burglary of the Westlake Medical-Dental Building and the $215 holdup last Tuesday at General Acceptance Corporation on Junipero Serra boulevard.

A gang of five suspected holdup artists were apprehended in an Emeryville motel last Saturday and turned over to San Francisco police for questioning on a series of Bay Area armed robberies.

Capt. Roy Beecher and Lt. Bruno Conci of Daly City attended a "show-up" session last night at the Hall of Justice and are certain the suspects—four of them previously "active" in Daly City—staged the jobs here.

In custody are the three perrin brothers—Donald, 24, Ronald, 19, and Richard, 18—formerly of Acton street here; and James, 23, and Dante Chelossi, 21, both of Daly City. All have been booked on multiple counts.

Meanwhile, Daly City police are hunting three other bandits who Friday morning got $2000 in cash from Systematic Savings and Loan, 7070 Mission street. Two revolver-toters herded manager William E. Beeson, clerk Edwin Gunn and office workers Joan Bischoff, June Brandt and Dorothy Banks into a small closet after getting the cash from the office about 10:15 a.m. when no customers were in the establishment.

Both of the office invaders sported Tyrolean hats and one wore a false nose and horned rimmed glasses. Outside was their accomplice in an old-model sedan. Officer John Coleman was informed that one of the bandits was extremely nervous —"his hand was shaking when he showed his gun."

They stashed their loot in a green shopping bag.

Pacifican Arrested After He Clobbers The 'Wrong' Vehicle

Unemployed Pacifica resident Roy Ostergren, 928 Anza drive, was arrested by Daly City Police Sergeant Ricco Benedetti Monday at 4:30 a.m. after his southbound '60 station wagon rammed the right side of Benedetti's patrol sedan in front of 7396 Mission street.

Benedetti needed the assistance of Officer Robert Stables and Special Officer Richard Leahy because Ostergren was assertedly belligerent and threatened to assault the police. He was handcuffed and taken to the station for booking on a charge of being drunk in and about an auto.

The police report said damage to both vehicles was minor.

DECEMBER 12 DEADLINE

First Property Tax Installment Payable Here On November 1

City Clerk (and tax collector) Evelyn Mosman reminded residents today that first installment on Daly City real property taxes is payable on November 1 and will be delinquent on December 12 at 5 p.m.

Property owners who fail to pay on time will be assessed a 6 percent penalty which is added to the payment.

"Both installments may be paid at the time of the first installment," Mrs. Mosman declared.

She urges residents to send descriptions of their property when asking for tax statements. Also, they should notify her office if there has been a change of address.

Persons who do not receive tax bills by November 10 should contact the city tax collector's office at 75 Wellington avenue immediately. Mosman's office is open Monday through Friday from 8:30 a.m. to 5 p.m.

All communications regarding city taxes should be addressed to: Evelyn Mosman, City Tax Collector, City Hall, Daly City.

Motel Office Raid Nets Burglar $568

Manager Robert Holleman left the Lake Merced Lodge Motel, 2253 Junipero Serra boulevard, for five minutes Tuesday noon to walk his dog.

He returned to find the front desk cash drawer pried open and $568 in cash gone, according to investigating Officer John Van Otten.

USF law school graduate Albert Polonsky, 12 Fleetwood drive, was appointed to Daly City's Personnel Board last week. The 38-year-old attorney fills the unexpired term of Westlaker Starr Dunham. Polonsky served on the same commission three years ago.

present council last fiscal year when water department expenditures totaled $446,000. This fiscal year the outlay will be about $456,000, and the staff will continue these heavy expenditures until the system approaches "acceptable" status, according to City Manager Edward Frank.

Daly City residents back in 1913 (two years after the city was incorporated) voted a $100,000 bond issue and the local water department made its debut in 1916.

The water rate here has been the same since 1920.

nixed by the state as too costly.

McKeon said the relocation would route the freeway southeast of the school site across undeveloped Christen ranch property on the east side of Skyline and on state and Doelger-owned parcels west of Skyline where the connection would be made to Edgemar freeway and the Coastside.

McKeon pointed out that Doelger could be compensated for his small parcel by the swap of other land in the vicinity.

Daly City councilmen a month ago expected final state approval of the entire Junipero Serra-Skyline freeway network. This did not materialize, however, and some observers believe the delay can be attributed to the state's study of McKeon's proposal.

Police To Rescue

A 17-months-old Daly City girl was rushed to Junipero Serra Hospital by police car Thursday morning last week after her mother feared she had swallowed broken glass.

Dianne Marie Dill, 97 Parkview avenue, was released after an examination. Officers Les Bastedo and John Coleman responded to the emergency call.

Daly City-Colma Baseball Clash At Marchbanks

Daly City and Colma firemen will clash this Sunday at 1:30 p.m. at Marchbanks Park in their annual baseball "war."

Manager George Bertucci of Colma has refused to name his starters, and Daly City Fire Chief Elmer Kennedy admittedly is "worried."

What would Stengel do?

Lyle Church will pilot the Daly City legions. His top stickers are centerfielder Gene Klinger and John Castagnola, both former minor league players.

Rumors that Kennedy will start at shortstop were doused today by the National Board of Fire Underwriters.

Daly City has won two of three previous games from the Colma volunteers.

Bertucci's best belter should be "Mighty Mo" Masini, the oldest third baseman in the business.

WOMAN ARRESTED AS DRUNK DRIVER ON SKYLINE BLVD.

Bernice Loretta Judge, 44, a bookkeeper-accountant who lives at 7 Avalon drive, Daly City, was arrested for drunk driving Thursday night following a minor traffic accident at the Skyline-Westridge crossing.

Officer Steve Steen transported her to Junipero Serra Hospital where a sobriety test was positive, according to the patrolman's report.

It is estimated that almost 50 per cent of the 1961 American cars will be equipped with six-cylinder engines, reports the California State Automobile Association.

'BACK TO SCHOOL' FOR PARENTS AT COLMA SLATED NOVEMBER 1

The parents of seventh and eighth grade boys and girls attending Colma School are invited to participate in the school's annual "Back To School Night" on Tuesday, November 1. The Colma faculty extends this invitation to provide an opportunity for parents to become better acquainted with the school's work and to understand more fully the place of their child in the school environment.

The program of the evening will begin at 7:30 p.m. in the school multi-use room with a welcome by Principal B. W. Gerdes. Parents will then follow the class schedule of their child with ten minutes in each of the classes with the teachers. A short social period in the multi-use room ends the activities.

All of the school's teachers will be assisting and participating in this event. The faculty committee in charge of arrangements consists of Pierre Layton, Charles Britten, Mrs. Joan Keropian, and Hugh Cox. A specific notice regarding the program and a period-by-period schedule of their child's classes will be provided for parents.

'Swinging' Youngster Breaks Nose In Fall From Tree

Seven-year-old Joseph Catalano, 44 Frankfort street, suffered serious facial injuries Sunday at 9:50 p.m. when he fell from a rope while swinging from a tree at the corner of Lowell and Vista Mar drive near the drive-in theater.

Officer Frank Murray found the boy unconscionus and his parents had him rushed to Kaiser Hospital for treatment of a broken nose. Witnesses said the youngster fell at least 35 feet and landed face down on the pavement of the drive-in.

Daly City firemen went to the scene and cut down the rope to prevent future mishaps.

Twenty-five percent of the teachers average 26 years of age and 25 percent average 47 years old.

NEWSPAPER WEEK EMPHASIS

Goal --- Freedom Of Information, And The Struggle Is Continuous

By Paul C. Smith, President National Editorial Association (Rock Rapids, Iowa, Reporter)

Newspapers throughout the land are waging an unceasing struggle for one of America's most cherished goals—Freedom of Information. The battle is waged in small towns and big cities, at the local level and at the seat of our national government.

The reporter for a hometown weekly plays a vital role as he ferrets out the facts on a local situation which some petty official would prefer be kept secret, as does the Washington correspondent who insists on learning how and why public funds are being spent by elected and appointed office-holders.

The National Editorial Association has a Freedom of Information Committee which keeps tabs on gains and setbacks in the Freedom of Information struggle. It receives reports from all over the nation and renders an annual report to NEA. Other press groups support similar activities.

As the press turns its attention to the 1960 celebration of National Newspaper Week, October 15-21, it can point to some progress toward the goal of complete Freedom of Information but many opportunities for improvement remain.

In this election year, when officials from Councilmen to Congressmen are asking the voters for their endorsement, both the press and the public are entitled to question candidates for office as to how they stand on the public's right to know.

NEA, as the only national newspaper group to maintain headquarters in the Nation's Capital, occupies a key vantage point in waging war against government secrecy.

There are two Congressional subcommittees which are primarily concerned with Freedom of Information. One is the Constitutional Rights Subcommittee of the Senate Judiciary Committee, headed by Senator Thomas C. Hennings, Jr. (D., Mo.), and the other is the Subcommittee on Information of the House Government Operations Committee, Representative John E. Moss (D., Calif.), Chairman.

The Hennings subcommittee has approved a bill, S. 2780, which would amend Federal law in five respects to remove provisions which have been used to justify secrecy in government. NEA endorses the Hennings bill and urges public support for its enactment.

The Moss subcommittee recently reported on its five-year effort to make public records available for inspection. Its particular target has been the Department of Defense, which House investigators found has withheld three times as much information in recently years as during the 40-year period which included both World Wars.

Federal officials, backed by an opinion by the Attorney General on the so-called "executive privilege," have often found it convenient to stamp "secret" or "confidential" on all kinds of documents which have nothing to do with national security.

One example in 1960 was a decision by the Internal Revenue Service to withhold comments received from the public on a proposed change in the regulations affecting the tax deductibility of certain types of business expenses. As the Moss subcommittee pointed out, there is no reasonable excuse for such actions.

The Moss report warned that increasing restrictions on government information could lead to the destruction of our democratic society, and added:

"Secrecy—the first refuge of incompetents — must be at a bare minimum in a democratic society, for a fully informed public is the basis of self-government. Those elected or appointed to positions of executive authority must recognize that government, in a democracy, cannot be wiser than the people."

To that statement, NEA adds a heartfelt "Amen." Press and public are indebted to Senator Hennings and Representative Moss for their fight for Freedom of Information.

The battle against official secrecy is not just a press crusade in the self-interest of newspapers. It is a cause in which every citizen can and should join. NEA pledges its maximum efforts in this fight and urges public support in the cause of Freedom of Information.

Honest government has little cause to conceal vital facts from taxpayers. Officials are the servants of the people who elect them. Please make sure that those you help put in office are worthy of their trust and willing to tell what they are doing.

NAVY ROTC EXAMS SCHEDULED DECEMBER 10 FOR PREP GRADS

Vice Admiral W. R. Smedberg III, Chief of Naval Personnel, announced today that the 15th annual national competitive examination for the Regular Naval Reserve Officer Training Corps will be given to eligible high school seniors and graduates on December 10. Application forms are now available and must be mailed by November 18.

Designed to supplement the officer output of the Naval Academy, the NROTC program makes it possible for a young man to earn a regular commission while studying at the college of his choice which has an NROTC unit. All tuition, fees, and books are furnished by the Navy, and the student receives an annual retainer of $600 for four years. During summers, the student goes on interesting training cruises as a midshipman. After completing the four-year college course, he is commissioned in the regular Navy or Marine Corps, and goes on active duty as a prospective career officer with the Navy's far-flung fleets. For those who apply and qualify, immediate flight training assignment will open new careers in naval aviation.

High school seniors and graduates who have reached their 17th birthday and have not reached the 21st on July 1, 1961, may apply for the NROTC aptitude test. Those who make qualifying scores will be given a rigid physical examination early in 1961. From the number of qualified men remaining in competition, at least 1600 will be selected to begin their naval careers next September.

The NROTC college training program is also available to enlisted men on active duty with the Navy and Marine Corps. A separate quota is established for applicants within these services.

Application forms are now available at high schools, at the local Navy Recruiting Station, 6705 Mission street, Daly City, other Navy recruiting stations, or from the Chief of Naval Personnel, Department of the Navy, Washington 25, D.C.

Fiscal Period

16 Convicted On Tax Fraud By Revenuers

Joseph M. Cullen, District Director of Internal Revenue Service, San Francisco, reported today that the San Francisco Intelligence Division investigations of tax fraud during the past fiscal year resulted in the indictment of 24 individuals and the conviction of 16 persons in United States District Court. As a result of the convictions the Federal Courts imposed fines of $67,750 and prison sentences totaling 42 years, including suspended and probationary sentences.

The Intelligence Division investigates suspected willful attempts to evade payment of income, wagering and all other federal taxes, and such related criminal offenses as aiding and abetting others in attempted tax frauds, perjury, assaults on Internal Revenue employees, and attempted bribery, except those on alcohol, tobacco and narcotics.

During the fiscal year 1960 the special agents in the San Francisco District office considered 199 cases of which 102 became full-scale investigations. In initiating the investigations the Intelligence Division screened and evaluated over 2400 leads or information items relating to possible tax evasion. Those items not deemed to warrant further investigation by the Intelligence Division were referred to other divisions of the Service for civil proceedings for collection of additional taxes and penalties where indicated.

County Housing Authority Board Approves 50-Unit Development For Residents 62 Years And Older

In response to urging from a number of organizations interested in social and physical welfare of elderly people in the county of San Mateo, commissioners of the Housing Authority are actively proceeding with plans to construct a project of probably 50 units to be made available to citizens 62 years or older, living on retirement incomes.

The location of the project has not been determined but it will be one that will provide the utmost in convenience and well-beging for its tenants. The architect for the project will be Leslie I. Nichols. Prospective plans provide for two to four units under one roof, but with the buildings artistically arranged so that the project will lend esthetic value to the area in which it will be constructed.

Rents will be $40 to $45 a month, including utilities.

Reports from the various areas throughout the country where such projects are now operating show that they contribute materially to the contentment and happiness of the tenants, as well as enabling them to have excellent shelter within their means. Opportunity to participate in the social development of the project will be afforded various social welfare groups throughout the county after it has been constructed.

The project will be financed from existing funds and will have no effect on the tax rate, it was emphasized.

Mrs. Liberato served as an area chairman for the successful Crusade campaign last year and has been a Crusade volunteer for many years.

Mosk In Ruling On Function Of State Patrolmen

A California Highway Patrolman is authorized to investigate vehicle accidents involving personal injury where the accident occurred on private property, Attorney General Stanley Mosk ruled today.

The California Highway Patrol has the same duty and responsibility as the county sheriff where vehicle accidents result in personal injury or death, although Highway Patrolmen are more generally assigned to rules of the road on public streets and highways. They are not authorized to "patrol" private roads in enforcing the Vehicle Code.

"However, the provisions of division 10 (Vehicle Code) which refers to accidents and accident reports, apply 'upon highways and elsewhere throughout the State, unless expressly provided otherwise,'" states the opinion.

The section is not restrictive, but includes the power to investigate all vehicle accidents without regard to where the accident occurs, the opinion declares.

Request for the opinion was made by District Attorney Al B. Broyer of Placer County and was prepared by Deputy Attorney General Edward P. O'Brien of San Francisco.

AROUND TOWN

By ROY HURLBERT

MANY of Mel Battye's friends have called this week to inquire about his recovery from a heart attack last Saturday. The former Daly City mayor and personnel board chairman probably will have to quit as co-chairman of Daly City's 50th anniversary celebration next year. Least they can do is name Mel "honorary chairman." You can be sure he'll bounce back and participate to the hilt, anyway.

SERGEANT Jack Walsh, 14-year veteran of Daly City's police department, can be called "professor," if you like. The USF graduate (class of '41) teaches a course in "Criminal Investigation" at City College of San Francisco's penology school. Jack has 38 students and he has taught there two years.

Walsh is just about the sharpest fingerprint and photo man in DC's department. Some of his work has won national honors.

ACTIVITIES HARMONIZED

Vincent Meets With PTA Representatives On Halloween Plans

Confronted with the problem of too many youngsters and not enough space for the kindergarten-sixth grade Halloween parties, Recreation Director Chuck Vincent called a meeting with various PTAs in an attempt to find a solution to the problem.

Vincent cited instances of overcrowdedness in the school's multi-purpose rooms and the fact that so many youngsters produce problems in planning a Halloween party because of the age differentials and the difference in the attention span of the various age groups.

"Our records show that better than 500 youngsters and their parents attended the Halloween party at Crocker School last year," Vincent stated, "in a multi-purpose room built to accommodate 150-200 at the most. Colma School drew 448, Westmoor 650, Woodrow Wilson 350, etc. It is not wise to attempt to handle this many children within the confines of the space available. It is also a poor reflection upon the Department of Recreation when specific programs are planned and the number of children prohibit the carrying out of these plans —the situation then becomes one of bedlam."

Having thus presented the problems, the PTAs voiced their opinions and the following solutions were arrived at:

1. The Recreation Department will host a Halloween Dance on Monday, October 31, at the War Memorial Community Center from 7:30-11 p.m. for all high school students residing in Daly City.

2. The Daly City Recreation Department and the Recreation Department of Ben Franklin - Garden Village will host dances for Colma and Benjamin Franklin Junior High Schools on Friday night, October 28, from 7:30-10 p.m. for students of those schools.

3. If it is so desired, each individual PTA would make arrangements with the school principal to host Halloween parties for K-6 students at their local schools on Monday, October 31.

"These solutions will make the parties more practical and easier to program. Basically, our interest in staging these dances is to keep the older youth off the street and aid the police department in preventing the vandalism and property destruction which seems to go along with Halloween," Vincent stated.

Representing the Recreation Department at the meeting were Vincent and Tom Pollicita, while the PTA representatives were the Mesdames Ronald Meyer, R. W. Hugh, John Arnott, Marvin Boyd, Harriette O'Neil, and W. A. Baker, and Edward Maita.

Hillside Homeowners Club Invites More Members To Join Activities

Hillside Homeowners Improvement Club is one of Daly City's most active groups.

President John Jensen, 464 Castle street, says membership is open to residents of Theresa Terrace, Callan Heights, Sherman Heights and Garden Valley.

"The main purpose of this group is to help these homeowners with any problems that may arise in their particular area," said Jensen.

The club recently protested the proposed Colma Industrial Park development. In the past, the Hillside Homeowners were instrumental in getting the lawn planted on the large playfield at Colma School, "children at play" signs on Castle street, and street lights for the residents of Marshall Way and Royce Way in Sherman Heights.

During the year the club stages several social events. An installation dinner was held in March, followed by a picnic in May. A Halloween Costume Dance will be held this month with proceeds going toward the children's Christmas party.

Homeowners in the area who would like to join the club are urged to contact Jensen or Marie Loretta, treasurer, 11 Marshall Way.

Meetings are held on the 7th of each month at Colma School.

Westmoor High School's 73 member faculty has an impressive record in educational training and experience. Hailing from various states, these teachers are contributing their wealth of background to the students.

With 20 Bachelor of Science degrees, 53 Bachelor of Arts degrees, and 25 Master's degrees, the faculty has accumulated numerous university college honors and credits. The average number of post-graduate credits is 58. Seventeen members of the faculty are working on Master's degrees.

At present 33 faculty members are working for additional degrees and credentials.

In addition bidders are requested (but not required) to supply an estimate of the total net interest cost to the District on the basis of their respective bids, which shall be considered as informative only and not binding on either the bidder or the District. Checks of the unsuccessful bidders will be returned by the County Clerk by mail, upon the award of the bonds. No interest will be paid upon deposit made by the successful bidder.

BOB COWAN ALSO SIZZLES

Bob Morrison Rolls 10 Strikes In Row, And He's Only 15!

By Bob Sexton

Westlake Bowl's junior program received a real shot in the arm last week as three juniors exploded for tremendous scores. In a challenge match against Joe Marasco, ace from the Senior Boys league, a little fella with a lot on his ball started the first frame with a pocket hit strike and didn't have to use a second shot in any frame until he got to the eleventh. With a smoldering finish he wound up with not only the highest game ever bowled by a junior bowler but one of the highest games ever rolled in the Westlake Bowl by anyone. His ten strikes in a row brought to him the fantastic score of 289.

Who is this mighty little giant of a kegler? His name is Bob Morrison, 15-year-old whiz from Westlake. As you can see, Daly City is well on its way toward carving the names of some of its junior bowlers in the record books.

This 289 game was witnessed and verified by the manager of the Bowl, Jim Grealish. When asked how he felt about the game after the tenth frame, all Jim could say was "why couldn't it have been in league competition?"

Another record accomplishment was posted by a Junior leaguer. This time it was a high series. With the magic touch of 15-year-old Bob Cowan, the very elusive "600" series was captured. This breaks the all-time high for the Junior Boys league of 584 by Jim Fisher. It is the second high series in the junior bowling program. High series is held down by Dave Ury with a 638. For his efforts, Bob will receive receive a beautiful arm emblem and a trophy from the American Junior Bowling Congress, of which he is a proud member.

It is Westlake's good fortune to feature both of these fine bowlers in the Junior Bay Area Classics league that will be getting under way next Monday. It will feature the finest bowlers Westlake and Castle Lanes have to offer. Bowling time is set for 4:15 p.m., with eight teams bowling at Westlake and eight bowling at Castle Lanes. This is high level Junior bowling at its best and promises to be an outstanding tour of competition for the youngsters. Anyone who would like to watch these boys in action are invited to either the Westlake Bowl or Castle Lanes any Monday at 4:15 p.m.

Another fine performance was turned by Dennis Druhe last Saturday morning as he posted the current league high game of 231. Dennis started the game with six in a row and had one open frame. That open was the result of a good pocket hit but bad tap leave.

Other high scores were: Bob Morrison in regular league play, 182-178-200, 560. Jim Fisher, 180-220-151, 550. Bill Dooley 179-194-154, 527, and John Zamzow, 175-152-203, 530.

It was quite a day for the newly formed 11 a.m. Pepsi Cola League. For this 12-and-under group several award winning games were bowled by some of the league's standout bowlers. Among the best were John Barsotti 161-165, Armando Aceituno 198, Gary Boscacci 177, Tom Cunningham 175, and Steve Nejasmich 181.

In the way of league openings, the Friday 3:45 p.m. Bantam Instruction league has many openings for youngsters wishing to learn the fundamentals. In the Saturday morning leagues there are openings in the Bantam Girls league, the Senior Boys league, the Bantam Boys and the Jr. Girls league. Anyone wishing to join the Winter league while it is still in the early stages should report to the bowl Saturday morning at 9 o'clock. At this time they will be placed on a team in the league.

INDIANS EYE CAPUCHINO

Hillsdale Rips Jeff Footballers, 41-7, In Peninsula Inaugural

Pass-killed by Hillsdale's thundering Knights here last week, 41-7, Jefferson High's varsity Indians go on the road this Friday afternoon to meet always-brutal Capuchino, 28-18 victor in its opener with South San Francisco.

With only one regular backfielder on duty last Friday, Coach Joe McGrath's Indians were no match for the heavily favored Knights. Defensive back Duane Baswell of Jeff was sidelined in the very first quarter, leaving a big gap in the Jeff secondary that was converted to maximum advantage by the Hillsdale QB.

The Knights got three of their TD's via the sky and were never molested after halfback Sam Ennon ran 40 yards on a reverse sweep and guard Ed Crowley kicked the extra to put Jeff "in" the game and trailing 7-13 in the first period. Hillsdale led at the half, 20-7, then methodically mounted the score in the final 24 minutes of play.

The Knights connected on 12 of 14 passes for 250 yards—enough to defeat any club.

McGrath, who expects nothing but trouble from Capuchino, says QB Bob Miller is healthy again and will start against the San Brunans. The head man had praise for the efforts of linemen John Souza, Craig Garcia, Joe Bollentini and especially Bob Guerrero on defense" against Hillsdale. Baswell will return to his defensive assignment this week.

The Indians' are 0-3, having lost practice games to Menlo-Atherton, 27-0, and 18-6 to San Rafael High.

Next week Jeff hosts strong Mills in a 3 p.m. contest on the Indian turf.

PRETTY Sara Evans, 17, Pacifica, applies a soapy brush to one of John Giacomini's Jerseys. They are getting the animal ready for the Grand National Livestock Exposition, Horse Show and Rodeo scheduled for the Cow Palace, October 21-30. John Giacomini is president of the Western Jersey Association and lives in Elk River. He will defend his title of Champion Milker of the World on Friday, October 28, in the auction barn at the Cow Palace. Sara, a senior at Westmoor High in Daly City, majoring in business, plans to use her training in the livestock industry after she graduates in June. The Grand National will give her an opportunity to visit her ranch friends who will be exhibiting at the show. She is the daughter of Mr. and Mrs. Tom Evans.

Two Docs Pace The Pack In Chamber Golf

Dr. Theodore Paoli was second to Ganey with a low net 67. Ganey was playing with a 14 handicap. Next came Fred Bertetta, Judge Charles Becker, Police Sgt. Henry Sundermann and Ed Goldkuhl.

Merchants 9 Did Everything But Kick The Extra Points!

The Daly City Merchants rolled to a footballish 25-5 San Francisco Class D Winter League win Saturday over the Geary Medical Pharmacy nine at Crocker-Amazon diamond.

Skipper Roger Kucich swept his bench in an effort to keep the score from going even higher in the seven inning tilt.

The Daly City club went wild with 32 hits, while the losers, committing errors freely, got only one off two Merchant hurlers.

Second sacker Carli and catcher Ernich led the winners with five hits each.

BYA Teams, OLPH 8th Graders Set The Pace In Touch-Football

Daly City's touch - football leagues ended their third week of play Saturday with each division seemingly getting tighter.

The 5th Grade's league-leading BYA Falcons and BYA's Flying Goose battled to a scoreless tie.

The second place OLPH Bobcats moved within one point of the Falcons with a 20-14 win over Holy Angels. The Bobcats' Steve Gudelj passed for two touchdowns. Ray Sharp and Rich Ragni were outstanding on defense for the winners as was Tom Van Kaken of Holy Angels.

6th Grade League

The BYA Untouchables and the PAL Jets remained tied for first place with 2-0-1 records after last week's action. The Untouchables scored a resounding 30-0 victory over the winless OLPH Aces. Randy Storbo passed for one T.D. and carried one across to lead the victors.

The PAL Jets had a much tougher time, posting a 7-6 Drugs BYA. The Jets scored their T.D. on a 35 yard pass-run play from the Val Sabuco to Larry Black. Black also scored the all-important conversion on an end sweep. The Drugs didn't score until the fourth quarter when Larry Taylor hit Nick Kosturo with a 10-yard pass. The Jets tightened their defense and the extra point failed.

7th Grade League

The BYA Darts shellacked the Daly City Foghorns, 52-0. The win brought the Darts' record to 3-0.

The PAL Colts remained in contention with their second win in three outings by whipping Benjamin Franklin, 20-0. Bill Hernan, Dan Nolan and Dave Blainey tallied. Blainey scored his on a pass from Nolan. The Colts' defensive team turned in two safeties.

The BYA Rams took a 7-0 decision over Holy Angels on Tom Wilcox's 40-yard punt return. Lee Williams scored the extra point. Undefeated OLPH was idle.

8th Grade League

OLPH remained undefeated by bouncing Holy Angels, 19-0. Jerry Senkir scored OLPH's first touchdown on a 55-yard return of an intercepted pass. Wayne Pearson intercepted a pass on the 10 and went in for the second score. On the first play of the second half, the OLPH offensive team scored on a 30-yard pass play from Roger Sutter to Gene Lynch.

The second place PAL Raiders set the stage for this week's battle with OLPH with 36-0 win over Benjamin Franklin. Dan Driscol led the winners, passing for three T.D.s and running one over.

Righ halfback Jim Poole tallied twice last Thursday as Westmoor High's frosh footballers took a league - opening 13-6 victory over Mills. The Rams tackle once-victorious Hillsdale here this Thursday in a 3 p.m. engagement.

Coach Rod Losberg's Westlakers overcame injuries to four starters last week with a fine effort against Mills. Second stringer Herb Dyer was at quarterback in place of Bruce Hix, out with a leg injury. Also sidelined were halfbacks Al Contreras and Roy Panelli and right guard Bob Murray.

Poole put Westmoor ahead 6-0 by running 45 yards on an end sweep in the second period. Mills intercepted a Dyer pass early in the third quarter and then drove for the tieing tally. Poole then rolled 75 yards on a reverse end sweep to give the Rams the triumph.

Left end Gary Mendoza captained the victors and was outstanding in the opener.

This week's foe, Hillsdale, debuted with a 14-0 win over Capuchino. A victory for Westmoor would put the Rams in title contention.

Rams Drop League Opener To Mateo 11, Meet Blingum Friday

Westmoor High's Rams, outraced 28-6 by San Mateo in their Peninsula League opener last week, play host to Burlingame (0-1) this Friday afternoon on the Daly City campus.

Jere Takahashi and Al Cornejo teamed their talents to pace San Mateo past Coach Pete Matisi's Westlakers. The Bearcats tallied all four quarters and Westmoor's closest position was a 14-6 halftime deficit. Halfback Walt Prouty, who scored on a line shot, got 140 yards on carries that gave him the spotlight along with the San Mateo pair.

Burlingame, a "sleeper" in a wide-open league, lost in the closing minutes last week to Mills, 24-21. The Panthers could be just as rugged as San Mateo.

Two long Mateo passes dynamited the Rams last week. Offensively, Quarterback Steve Funai had trouble hitting his targets, but Prouty turned in his usual come-through effort.

Next week Westmoor hosts South San Francisco.

Northern Calif. Youth Council Traced Back To Its Beginning

When teenage centers and programs began to flourish during the war years, it resulted in the foundation of the Northern California Youth Council.

In 1943, because of its statewide affiliations with youth-serving organizations, the California Youth Authority was made acutely conscious of universal need for information regarding teenage programs. In June, 1944, the first Northern California Conference was held at the Hi-Spot Youth Center in San Jose. This was a youth promoted meeting. The adults at this time met in general session.

On November 18 and 19, 1944, a state conference of youth centers and clubs was held. At this time, the group began to take the shape of a smooth-running organization.

Recognizing a need for some understanding on the part of the adults, Roy C. Votaw of the California Youth Authority called a meeting of adults in September, 1945. Consequently, a representative group of adult advisors throughout Northern California met to clarify their thinking and to make plans for a Northern California Youth Council.

As a result of this meeting, the adults were organized on December 3, 1945. By January 24, 1946, a formal organization for the adults attached to the Youth Council was completed.

The adults declared as their purpose to be of assistance to youth, particularly in the development of an annual youth conference preceded by two planning conferences. The organizing role played by the CYA was recognized and for this reason, the Youth Authority staff was named as an official representative to the Council. The Youth Authority has continued to assist and cooperate with the Northern California Youth Council throughout the entire existence of the organization. In the early years, their office was used as headquarters for the organization and the services of their clerical staff made available for Council business.
